

Veratti® GT™

ANSI Z87.1+
CSA Z94.3-2007

This functional safety eyewear offers a weightless, low profile design with frameless, wrap-around structure. The highly flexible polycarbonate frame provides a secure fit for everyone and improves resistance to breakage. Multi-colored lens and temple options mean there is a pair to suit any environment. The Veratti® GT is one of the most comfortable pairs of eyewear in the market.

Conformity to ANSI Z87.1-2010 has been assessed per ANSI/ISEA 125-2014 Level 3.
