

12270 Cooling System Tester and Adapters

The 12270 30 pound cooling system and pressure cap tester, tests up to 30 pound cooling systems and pressure caps.

The Stant 12270 tester lets you test today's cars higher pressure cooling systems and pressure caps up to 30 pounds.

The 12270 gauge includes additional cap testing pressure ranges of 17-19 lbs., 20 lbs., and 28-30 lbs. The large color coded dial makes it easy to accurately test these higher pressure caps and systems.

The 12270 head also includes a pressure release bar that when turned clockwise, releases pressure buildup before removing the head from the neck.

Although the 12270 tester replaces our 12255, all Stant pressure cap and cooling system adapters can be used on either tester. We've even created a conversion kit, 12701, that allows you to convert your 12255 to a 12270.

The 12270 pressure tester comes in it's own plastic carrying case with one 12559 spacer to drop in 1" deep filler necks for testing, one 12552 cap adapter to check Standard "A" Size caps, and a complete easy to use instruction manual including cooling system and pressure cap testing instructions as well as usage instructions and applications for all Stant adapters.

PRESSURE RELEASE BAR

12701 Conversion kit
Allows you to update your 12255 tester to the 30 pound 12270.

The 12701 kit includes a 30 pound gauge, hose and head assembly including the pressure release bar and 30 pound spring, and the 12270 instruction manual.

Tester Adapter Carrying Case

12001 is a convenient way to store and carry your tester adapters. The 12001 tester adapter carrying case is constructed of durable plastic. A molded corner pocket is also included for small parts and gaskets. Keep all your Stant tester adapters clean, dry, handy and organized.
