

RBL Products presents

Multi-Hose
Protection!

Slip-On / Disposable **AIR HOSE** **"SLEEVE"**

Keeping
the spray booth
clean!

A durable, protective polyethylene film sleeve that keeps air hoses clean

Air Hose "Sleeve" Roll – 3" W x 100' L

PAINT REFINISH

Slips on over 3/8" spray gun and breathing air-supply hoses.

Inserting into "Sleeve"

Side-by-Side Hoses

INDUSTRIAL

For up to 5/8" hose with 1/2" coupler.

Inserting into "Sleeve"

Taped-off "Sleeve" end

Performance Benefits:

- The diameter of the "sleeve" fits closely to the circumference of the hose for safe, easy maneuverability.
- Eliminates wiping off dust, dirt, grease and other contaminants from the hose.
- Paint overspray sticks to the "protective sleeve" without flaking off.
- Disposable – When "sleeve" gets dirty, remove from air hose and slip on a new length.
- Anti-Static

SOLVENT BORNE and WATERBORNE COMPATIBLE

Directions:

1. Cut Air Hose "Sleeve" to desired length.
2. Using an air gun, blow air into one end of the "sleeve" to open up the sleeve diameter.

3. Feed (push) the end of the hose into the "protective sleeve" keeping the hose and sleeve extended on a flat horizontal plane.
NOTE: Avoid angling the end of the air hose into the interior wall of the "protective sleeve."
4. When necessary tape off the "sleeve" ends around the hose.

Part No.	Description	Size & Roll Length	Units/Case
133	Air Hose "Sleeve"	3" W x 100' L Roll	4 Rolls
