

Sheets

General purpose product form can be cut to size, folded, or used in full sheets for a variety of maintenance or machine shop applications. Durable cloth materials flex and conform to contours and cylindrical parts and withstand aggressive applications. Paper backings adapt to corners and acute geometries and can be wrapped around dowels for finishing small tubes or holes.

Applications

- ▶ Cleaning, prep or finishing flat and contoured parts
- ▶ Polishing large or intricate parts
- ▶ Lathe parts finishing and polishing
- ▶ Blending or spot sanding
- ▶ Crankshaft and bearing polishing

A_o ALUMINUM OXIDE
RESIN CLOTH SHEETS

Durable, flexible cloth backing and dense grains conform to cylindrical or contoured parts. Cut or tear to useable size to accommodate various tasks and reduce waste.

- ▶ Flexible with excellent grain retention
- ▶ Conform to small radii and fine contours
- ▶ Durable backing for aggressive applications
- ▶ Precision lathe and drum grinding
