

JHWHW-6082

**Hammer Wrench, Black Industrial
Finish, 6 Point 2-9/16**

PRODUCT DETAILS

- Designed for use in the petrochemical industries where clearance, particularly on flanges, and cored fasteners are often a problem
- 6 Point Hex is offset 15 degree, and short handle length allows for use in tight spaces
- Straight Handle transfers maximum torque when struck
- Assortment fits Stud Sizes up to 2-1/2"
