SHARK ABRASIVE ASSORTMENT DISPLAY

Applications:

This 244 piece kit is ideal for cutting or sanding various metals. Our USA made cut-off wheels are reinforced with fiberglass for increased durability. This kit includes two of our most popular wheels made in the USA.

Our long lasting, aggressive zirconia discs are for heavy stock removal. Finer grits are used when blending and finishing metals. Ideal for deburring, oxidation, fire scale removal, cleaning, blending or smoothing. All our surface prep discs come with the Twist-to-Lock backing for secure and easy attachment.

16403

ITEM# **16403**

KIT INCLUDES:

Tools: Angle grinders or die grinders

Star-Brite Surface Conditioning Discs:

- 13062 ■ 2" Brown, Coarse Grit - 10 each
- 13018 ■ 2" Burgundy, Medium Grit - 8 each
